

# CHARLIE'S MATCHING GAME

Charlie loves to play ball—and there are so many different balls to choose from! Can you help Charlie match them all?

## Instructions:

Cut out each of the square tiles below. Once they're cut out, shuffle the tiles and place them face down on a table or other flat surface. Flip over two different tiles. If they match, leave them face up. If they don't match, flip them back over and start again. See how many matches you can make!

Silly Charlie! One of these pairs doesn't quite belong with the rest.  
Can you find which pair is not like the others?

Safety note:  
Be careful with scissors! Kids should always ask permission from a grown-up before using scissors.
